upskilling the
working force**

EU projects

PEDMEDE ECO

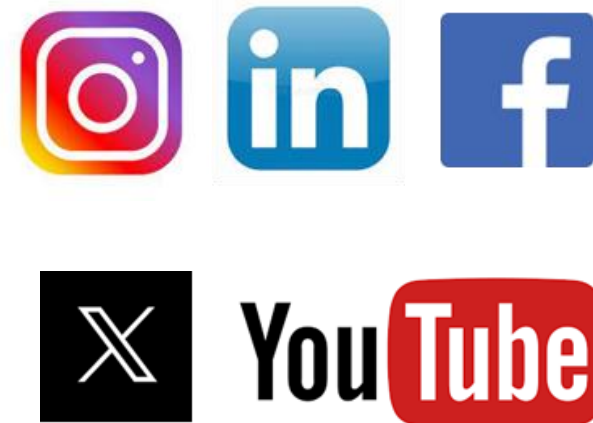

- An important initiative established by PEDMEDE in 2021
- PEDMEDE ECO is an Alternative Management Collective System of Construction, Demolition & Excavation Waste
- In 2022 Heracles Group, member of Holcim Group of Companies became partner in the System under a joint venture that combines the scope and size of the HERACLES Group, a leader in the construction materials sector, with the reliability & technical expertise of PEDMEDE, the largest and unique Contractors Association representing Greece on the international stage.
